# Company Profile

**BHAVANI PHARMACHEM PVT. LTD.** is a trusted pharmaceutical and healthcare manufacturing company, specializing in pharmaceutical, cosmetic, ayurvedic, and research-driven solutions. We deliver quality-focused manufacturing and private label services, supporting brands with safe, effective, and compliant products across diverse healthcare needs.

**BHAVANI PHARMACHEM PVT. LTD.** features state-of-the-art infrastructure with advanced technology, modern machinery, and strict quality controls. It is committed to innovation and excellence, ensuring the highest standards in every stage of production.

## Our Mission:

We strive for a happier, healthier tomorrow. We want to achieve leadership in pharmaceutical products and services across the globe, through excellence in technology-based research and development and compliance with regulatory requirements.

Our people continue to be the most valuable asset in this pursuit of leadership and the prime driving forces for our growth.

## Our Vision:

Our vision is to be a leading pharmaceutical company in India and become a significant global player.

We grow as an organization by enriching our people who are also our driving force and making them as competent professionals.

## Our Goal:

In two years, our goal is to achieve sustainable growth by delivering innovative customer satisfaction. We remain committed to continuous improvement, building strong partnerships and exceeding the expectations of both customers and stakeholders.

## Our Journey

### **Startup Trading (1998)**

Bhavani Pharmachem Pvt. Ltd. began its journey as a small trading company, driven by a vision to deliver quality of product to the health and wellness industry. With a strong focus on trust and customer satisfaction, we laid the foundation of long-term partnerships.

### **Ayurvedic Factory (2000)**

Expanding into manufacturing, we set up our first Ayurvedic formulations unit. This milestone allowed us to bring safe, effective and natural solutions to market, supporting the growing demand for traditional wellness products.

### **Cosmetic Factory (2008)**

Recognizing the need for high-quality ingredients in the personal care industry, we established our Cosmetics manufacturing facility. With modern infrastructure and advanced R&D, we started delivering innovative and reliable solutions to beauty and skincare brands.

### **Pharma Factory (2014)**

Marking a significant leap, we set up a state-of-the-art Pharmachem manufacturing plant. Equipped with stringent quality controls and regulatory compliance, this step strengthened our position as a trusted partner for global pharmachem companies.

### **A Trusted Global Partner (2025)**

From humble beginnings to specialized manufacturing across Pharma, Cosmetic, Biotech and Ayurvedic, Bhavani Pharmachem Pvt. Ltd. continues to empower brands with innovation, safety and excellence.

## R&D

Research & development

### Formulation Development

**Bhavani Pharmachem Pvt. Ltd.** has set up Formulation, research & development to develop safe and effective therapeutic option for undiscovered and unmet medical needs. Our R&D Center conforms to international quality standards and houses advanced infrastructures for both basic and applied research. Design of experiments (DOE) and statistical analysis have been applied widely to formulation development and are useful in process optimization and process validation. Bhavani Pharmachem Pvt. Ltd. development arm has dedicated teams of highly qualified scientists working on patent navigation, specializes in creating alternate and patentable processes for generic formulations, process development, scaling-up, technical transfer.

### Analytical Development

- Our team is capable to develop methods of analysis lay down specifications and work out quality assurance norms in relation to all the above activities.
- The R&D facility is geared towards development of technologically challenging products. We strive to develop costeffective, high-quality formulations to make the life of the patient better.

#### 1) Innovation in Formulations

At Bhavani Pharmachem Pvt. Ltd., we continuously innovate formulations that combine pharmaceutical precision with natural efficacy, addressing diverse needs across cosmetics, biotech, and ayurvedic care.

#### 2) Technology & Infrastructure

Our advanced R&D facilities and large-scale manufacturing units empower us to deliver reliable, high-quality solutions while meeting global safety and regulatory benchmarks.

#### 3) Sustainability & Responsibility

We uphold our responsibility by adopting eco-friendly practices, ethical sourcing, and sustainable processes, ensuring our growth benefits both people and the planet.

#### 4) Future-Ready Approach

Driven by research and collaboration, Bhavani Pharmachem Pvt. Ltd. envisions expanding its global footprint while shaping the future of healthcare and beauty through breakthrough innovations.
